

Submitter: Ian Shearin

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail is fantastic. It eliminates the need for travel, and it gives extra time and mental space to voters. These are benefits to all voters, and absolute needs for some. Voting by mail is easy and accessible, as all voting must be.

Any attempt to eliminate or even reduce voting by mail is a direct and severe threat to basic democratic rights. Oregon must retain voting by mail as standard for all public elections.
