

Submitter:

Mykenzie McCormick

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This measure is pointless nor would it do Oregonians any good. Vote by mail is effective and it works; turnout percentage data supports this. Review our own Secretary of State's website for this data. This measure is intended as a blatant act of voter suppression and serves no purpose other than to appease the conspiratorial idea that fraud is somehow committed by vote by mail.
