SB210

I'm opposed to SB210 because I am disabled. Mail in voting makes it so much easier for me to research candidates and send in my ballot, even when I am not physically well. Making it harder for the disabled or elderly who have physical problems to vote is not acceptable. People also work, and they too should be able to easily vote without having to move around their schedule or secure childcare. People have enough problems with money and trying to survive this economy with outrageous inflation. This is a direct attack on the people who should be heard and have a right to be. Everyone deserves to vote and have an equal chance to, and mail in voting allows that.
