

Submitter:

Luke Ketter

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have enjoyed voting in Oregon since I turned 18 in 2005. I have only missed one or two minor elections and never a major one. My siblings, who live in vote-in-person states have had to balance their time and lives around getting out to vote and do not have as the voting record I do. Mail in voting is inclusive, helpful, timely, and helps every group have a chance to be represented. I am embarrassed for this state and this state assembly that we are even considering doing away with it. Keep Oregon unique and fraud-free and keep mail in voting.
