

Submitter:

Noah Philpot

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is a blatant effort to disenfranchise voters who are unable or disallowed to take time off of work to vote. It also discriminates against alter-abled voters who may struggle to wait in long lines at poling locations. Oregon's mail-in voting system is a huge success and a pillar of democracy in our state. I urge lawmakers to oppose this bill and to keep Oregon's elections fair and safe for everyone. Thank you.
