

Submitter:

Patrick Morris

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This measure is a total waste of time for everyone involved. As a 50+ year proud resident, i have lived through a lot of changes in this state. Voting by mail, along with the bottle bill and Oregon's public beach law, is one of the best bills to be passed.

I remember clearly trying to find the time to vote before work or after and then having to wait in line to vote.

why are we even considering making it harder for everyone to vote when voting by mail is easy and convenient.
