SB210

I am a registered voter in Douglas County who operates a residential child care for medically needy children in Lane County. My business requires my daily supervision and I often need to work 12 hr days. I am the parent of a large family and have concerns covering g issues in both a rural county and an urban one. Without mail in voting it will be very very difficult for me to be able to both staff my business and allow for myself and my staff to stand in lines for hours waiting to cast our ballots. I myself would need to drive 40 min away to my polling place. Oregon is a leader in protecting our access to our citizen powers. I do not support any legislation that cuts into my ability to perform as a citizen,a business woman,and a parent by forcing me to choose one to the detriment of the others. No on SB210
