SB210

To Members of the Committee On Rules: Re SB210

On behalf of the elderly, handicapped, sick, those without transportation, those who work long hours, those who work more than one job, those without childcare, on behalf of all these Oregonians for whom voting by mail allows them to participate in a democratic election and facilitates their desire and willingness to perform their civic duty to vote and exercise their precious democratic right to vote—on behalf of all these and other Oregonians who (some of us from its inception) have appreciated, respected, and diligently used vote-by-mail as it currently stands without any added infringements—I strongly oppose SB210.

You are our representatives whom we have chosen by exercising our right to vote—using our mail-in-ballots. In return please support us in our desire and right to continue to vote—to vote by mail without any unnecessary encumbrances. Strike down this proposed bill and allow the democratic process to continue.

Sincerely,

Patricia Beis
