Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's pioneering initiative that established universal vote by mail has been an unparalleled success, demonstrably resistant to voter fraud and enabling high voter turnout. The provision of detailed voter pamphlets well ahead of election day facilitates informed voting by an engaged electorate more or less immune to last minute floods of disinformation. As a disabled senior I find the convenience essential to being fully franchised. Defeat this effort at poorly cloaked disenfranchisement.
