

Submitter:	Evan Ralston
On Behalf Of:	Democracy
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Voting is a right for every citizen of this state and of this country, not a privilege for those that have the time and ability to wait in line for hours (or days) to vote in person. Any claims of widespread voter fraud due to mail-in voting are flagrant lies and deception. This bill would do nothing but disenfranchise voters.
