Donna Munson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

For 30 years, Oregonians have successfully voted by mail, thereby giving all eligible citizens the right to vote. In-person voting would severely limit the opportunity for a huge segment of our population to vote and make their voices heard, including the homebound and disabled, those who lack transportation, and those working long hours and unable to leave their job to vote. I strongly urge our legislatures to vote NO on SB 210. Thank you.
