SB210

As an Oregon resident, I strongly oppose any effort to dismantle our established vote-by-mail system. This system has proven to be secure, efficient, and has consistently resulted in high voter turnout. It provides crucial accessibility for seniors, individuals with disabilities, those in rural areas, and working families who may struggle to reach traditional polling places. Undermining this system would disenfranchise many Oregonians and create unnecessary barriers to participation in our democratic process. Oregon's vote-by-mail has been a model for the nation, and we should protect, not dismantle, this successful and vital part of our electoral process.
