

Submitter: Craig Hubler

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Please go back to on-site voting with government ID. This is the easiest way to stop any voting irregularities.

In 2024 I checked on a list of almost 100 addresses that had voted in Washington County. I only had time to visit ten but there was no house at any of the addresses.

I also know of a neighbor who voted his daughter's ballot for 15 years after she moved to another country.
