Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support SB 210. It is time to secure our elections and voting. Too many errors has happened by allowing mail in voting, and allowing ballots to roll in up to weeks after an election is done. This should not be how it is. We should know the results of an election within a day. Americans have lost faith in the security of our elections and it is time to give it back to us. Absentee options ensures that everyone gets an opportunity to vote, there is no reason why the majority of Americans can't vote in person on the day of the election period. We have to show ID for so many other things that don't even hold half the importance as an election. Please give the American people back faith in our system and end mail in voting.
