

Submitter:

Tracy Remington

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Our mail in voting is the envy of the Country. It is convenient, it is safe and it is accurate. I strongly appose in person voting. Look at the lines they have in other places all over the U.S. No way. If Republicans think there is Voter Fraud, prove it. This is a way to disenfranchise voters, not make it easier for people to vote.
