Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

1. Oregon has years of successful mail in elections that and not had fraudulent voters

2. It has made voting easier and only possible for many of the home bound seniors and disabled people I deliver Meals on Wheels to.

3 In addition those who work long shifts and care for family members will find it incredibly difficult to cast their vote in person

Please vote NO on this bill. It will affect our fragile democracy!!!
