SB210

I strongly oppose this bill. Oregon's vote-by-mail system has been extremely effective in allowing me to vote fully, consistently and in greater understanding of the issues. I am amazed by friends in other states who are not able to take advantage of this sort of system, because they vote less often due to the inconvenience. I can image no advantage to me in this bill, and I see many downsides of scheduling all voting activities to a single day and location. I encourage the Senate Committee to reject this unhelpful proposal.
