Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Every resident has a right to a voice in Oregon politics. This bill revokes the right of the elderly, disabled, rural residents, and all who are employed in service and care roles who cannot get away from work to vote. This bill would leave our state incredibly vulnerable to those who wish nothing more than to suppress the voices of Oregon residents. Our mail-in system has served us well and should remain intact!
