Third attempt. No idea if my first testimony was sub mitted.

I strongly oppose in person voting. Our mail in voting is the best in the Country. It is convenient, it is accurate and it is safe.

Republicans just want the ability to scare people from not voting. Which is seriously sad.

There is a tiny fraction of voter fraud: ????????From Secretary of State, Oregon -
"No. Oregon elections are secure and protected against voter fraud in all but exceedingly rare instances.

A review of the vote by mail system? by the state's Legislative Fiscal Office found from 2000-2019 there were approximately 61 million ballots cast. Of those, 38 criminal convictions of voter fraud were obtained. This amounts to a .00006% rate. ?"
