I am writing in opposition of changing the current voting process and requiring in person voting. As someone who lived in the past in a state that was predominantly in person voting, the voting process in Oregon is superior. Mail in voting gives an opportunity to make more informed votes, and spend time researching candidates. It also makes voting more accessible to people with mobility, transportation and work schedule challenges. Allowing more votes to be counted and voices to be heard should seen as a benefit. Please oppose this bill.
