

Submitter: kirk Lalor

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Dear committee members,

I I wish to voice my strong opposition to the bill that you are going to be considering to change the requirements for voting. Oregon has one of the most efficient and effective forms of voting in the country.. Voter fraud in this state is virtually unheard of. To require in person voting and proof of identity is simply an attempt to gerrymander.

Please do not allow this bill out of committee.
