

Submitter: Erin Morgan

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a resident and teacher in Washington County Oregon, I value Oregon's amazing vote-by-mail system. Voting should not be just a privilege for those people that have the time and transportation to get to an in-person polling location and wait in line to cast their vote. By mail voting makes it possible for me and my family to have our voice heard. Requiring in-person voting would make voting inaccessible to many people. Please do not repeal our vote-by-mail system.
