Senate Committee On Rules

SB210

Dear committee members,

I strongly oppose this Bill. Oregon has one of the most efficient and effective as well as safe from voter fraud election systems in the country. Voter fraud is virtually unheard of in Oregon. To require in person, voting and proof of identity would put incredible hardship on many people. This bill is simply an attempt to gerrymander the state legislature.

Please do not let this bill out of committee

Thank you

Kirk Lalor
