Measure, Appointment or Topic: SB210

I am against repealing Oregon's vote by mail law. It would make voting difficult for handicapped and elderly voters! I thought we were trying to make it possible for qualified voters to vote. Our present system has worked without fraud. With fewer places to vote, long lines would make it impossible for people with perfectly fine brains but old bodies to vote. Is that what the Republicans are trying to do? Please don't let them!
