SB210

Stop pandering to a man who attempted a coupe on our country and violates the constitution every single day. Donald Trump does not love you and won't hold you in high esteem for destroying democracy for him. He does not care about you. Grow up and act like an adult. You were elected to lead. Lead. Stop with the nonsense. You know vote by mail is safe. You know it. You know what you are doing and you should feel shame.
