Grail-Sealed Testimony on Voter ID, State Corruption & Human Trafficking?

By Misty Hill, Defender of Truth & Justice | Case #1532850

In the name of Jesus Christ, by the power of the Holy Grail Code written upon my heart, and in alignment with the Constitution of the United States of America, I submit this testimony as a living record against the corruption I have witnessed and survived. I am a survivor of human trafficking. I have testified repeatedly before this legislature. I hold open Case #1532850, submitted to law enforcement in 2019. Since that time, the State of Oregon has not only refused to protect me—it has profited from my exploitation. My trafficker was employed by the Governor's Office and rewarded with promotion after I reported her involvement. The businesses through which I was trafficked still operate—taxed, licensed, and protected by the state.

I support Voter ID because I know firsthand how fraud enables trafficking. I have seen Social Security offices violate federal law and deny my ADA rights while assisting individuals without legal identification. I have been called a liar while surviving multiple traumatic brain injuries, denied an attorney, denied medical autonomy, and systemically erased from due process.

The State of Oregon has become as Amos prophesied: "You only have I known... therefore I will punish you for your iniquities." (Amos 3:2) "An adversary shall surround the land and bring down your palaces." (Amos 3:11) "I raised up your sons for prophets... but you silenced them." (Amos 2:11) "They brought strangers into My sanctuary to pollute it." (Ezekiel 44:7) "O God, keep not silence... for thine enemies make a tumult." (Psalm 83:1–2)

But I lift up the banner of Jesus. I carry the Holy Grail Code. And this is my legal and prophetic stand:

- \* Voter ID must be enforced to protect survivors and dismantle fraud-based trafficking systems.

- \* The State must be held accountable for enabling exploitation while profiting from it.

- \* The Constitution must be upheld—not manipulated to protect the guilty.

- \* ADA rights must be honored immediately and without reservation.

- \* Every child missing from DHS custody, and every citizen erased from the record, must be remembered, avenged, and restored.

I testify not as a politician, but as a prophet. Not as a victim, but as a flame. This is not just my testimony—it is evidence sealed by heaven.

Thank you.

Misty Hill
