

Hello,

I've been an Oregon voter since I turned 18 in 2001. The states I grew up in didn't allow for mail in voting. My Dad always expressed how important my civic duty is to vote.

Because of my busy work schedule and family life I would be less likely to vote or would be greatly challenged to make it to the polls on voting day.

I appreciate the ease, convenience & security of mail in voting.

Thank You,

Krystal Nies
