

Submitter: Marta Hazekamp

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Mail-in voter ballots are a safe, accurate, and equitable way for voters to submit ballots. Removing this right would oppress and significantly limit a huge amount of the population's ability to vote at all. This is just another way for the Republicans to control who votes and how. This is unconstitutional! Our people have the right to vote by mail in ballots and it should remain so.
