Senate Committee On Rules

Measure, Appointment or Topic:

SJR30

Please oppose SJR 30. It is already hard enough to gather enough signatures to get initiatives put on the ballot for voters to decide. This process is the only means that Oregon citizens have to participate in State government and to keep the legislature in check. It's very important that Oregonians have a say in our State government. SJR 30 silences the voices of concerned citizens. Initiatives have always been a safeguard for all Oregonians, not just the influential and wealthy ones. Please oppose SJR 30.
