SB210

Why break what is working? Oregon has one of the highest voter turn-outs in the nation. This bill will severely limit voting time, access, and opportunity. Why deprive and make voting incredibly more difficult for so many Oregon working families, childcare providers, people with health issues, and a huge percent of Oregon Seniors? Making Oregonians go through another step to have to request a ballot if we can't get to the polls and making us pay to vote is unconscionable! Also, shifting the process of determining the distribution of ballot boxes from clear numbers based on population to nothing other than individual control ignores the rights of each Oregonian. I strongly oppose this bill and ask that you defend our right to free and fair elections through our proven success with vote by mail.
