

Submitter:	Laura Reeker
On Behalf Of:	
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Why in the world would we try to fix a voting system in the great state of Oregon when it ain't broke.

There is no reason for the introduction of this bill except for fear mongering. Oregon has been the shining star on the hill for our voting procedures. Mail-in voting has worked in this state for decades and there is no supporting argument for change.

Keep Oregon as the example of how this system has SUCCEEDED.
