On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is the best method of voting and we in Oregon have done so for years without any problems. I can take my time carefully filling out my ballot at my own convenience and drop it off in the neighborhood drop box. As a senior citizen standing in line in winter weather is not something that is easy for me.

Please do not bend to the knee of the Republican party who wants to make voting more difficult in blue states.
