Measure, Appointment or Topic: SB210

Going back to in-person voting will make casting a ballot more difficult for many voters such as elderly people who don't drive, young parents who will have to find a babysitter, or people who work long hours.

In my opinion voting by mail facilitates more thoughtful decisions. When I'm sitting at my kitchen table filling out my ballot, I often take a little break to review a ballot measure or reread a candidate's statement.

Please don't try to fix something that isn't broken.

Thank you for your consideration -
