SB210

I oppose this bill Oregon legislature (SB 210) that is intended to repeal our first-in-the-nation vote by mail system because it has succeeded as a great way to submit our ballot in Oregon. It is possible to vote when voting in person may be too difficult especially to those unable to stand in lines due to weather or disabilities or work schedules. If you want to make the machines more safe, put them inside an easily accessible building. However the drive up stations make it easier to vote when otherwise it may be difficult. Please don't make it harder for us to vote by taking this option away. Thank you!
