

Submitter:

Mariya Williams

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support the idea of in-person, election day voting with valid ID. I do not think it is right for a non-resident/non-citizen to participate in the elections of the United States. I do not find it difficult to vote in-person and will enjoy the opportunity of voting at an election office in a booth, as I've always voted by mail for Oregon's elections.
