On Behalf Of:	democracy
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

there are measures at the federal level and in many states to make voting more difficult. This is the wrong way to go--democracy works best when more people vote. Oregon has been a beacon of democracy, with some of the best voter participation rates in the nation. Other states need to change their voting procedures to be more like Oregon. It's totally wrong for Oregon to change to be like other states with lower voter turnouts.

thank you  
Dan Dlugonski
