Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm writing to oppose SB 210. Requiring in-person voting would make voting unnecessarily inconvenient and limit the number of citizens who are able to participate in our state's democracy. As Oregon has successfully used vote-by-mail to conduct elections since the 1980s, this bill seems to be an attempt to limit or dissuade legal voters from participating in our election process.
