

Submitter:

Annelise Kelly

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Voting is the foundation of democracy and mail-in voting makes it easy for voters, especially those who work hourly jobs, as well as the elderly, the disabled, and parents. Returning to in-person voting needlessly and unfairly disenfranchises women and the working class. Please retain Oregon's fantastic mail-in voting system.
