I believe Oregon election is one of the most corrupt ones in the nation due to mail in ballots. Since we have been doing mail in ballots there has not been a republican governor when we were at least half the time republican before mail in ballots. We traveled the state of Oregon constantly during our last gubernatorial election and we only saw 1 Kotex sign in all our travels the rest were Christie Drazen and Betsy Johnson's. I believe there was some major cheating going on and has been for years
