SB210

I am very against this! Our system has been working for many years with very little problems. I like getting my ballot and having time to fill it out without pressure because the next person in line is waiting. And I don't have to try remembering what I was voting for or against. I am opposed to changing back to going to a poll to vote. I'm getting older and don't like having to drive in bad weather (often bad weather in the fall) Why are the republicans pushing everything backwards? My feeling is they are looking for a way to keep more people from voting. I am so against the republicans party is pushing our country backwards! Please DO NOT TAKE AWAY MAIL IN VOTING,
