Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I am writing you opposing this bill. Oregon is the gold standard when it comes to vote by mail. All participants are required to register and prove their status as a valid voting member of our communities. All ballots are mailed along with all required information needed to make informed decisions. If there is a question or problem with a ballot or status of a vote there is a process to address those issues or discrepancies.

Why are we even contemplating as a state moving backwards when we are the leading state in our nation on vote by mail? If there are issues, address them specifically but don't throw the baby out with the bathwater.
