SB210

SB 210 only makes it harder for eligible citizens to vote for the things that are important for the cities, the state and all of it's constituents. It creates more difficult pathways for disabled citizens and promotes voter apathy. SB 210 is a blatant effort to strip voters of their rights and push an effort to lessen voter turnout so as to make it easier for ill intentioned politicians (current or future) to pass bills that aren't in the best interest of the people who live and pay taxes in the state of Oregon.

The complete disregard of the public opinion is extremely apparent by the lack of notice and short time frame to submit testimony against SB 210, which is clearly intended to blindside those who oppose this bill.

In short, SB 210 is bad for voters, tax payers, and local politicians. It favors lawmakers seeking to make voting more difficult so that they can pass future measures with greater ease in an effort to curb non-existent voter fraud.

I hope that the committee can see this bill for what it is and prevent it from moving any further.
