SB210

This bill is unnecessary as we have a mail in ballot system that has worked since 1998. This bill is voter suppression for the elderly, the disabled, and those with families. There is no reason to put more obstacle's to voting, unless you are trying to suppress voters. I will only assume that those who vote yes on this do not want to have free and fair elections. The people demand that you represent us and this bill does not represent the people of Oregon. Getting mail in ballots for Oregon was a citizen lead initiative and we have not changed our minds.
