

Submitter: Daniel Lyon

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I strongly oppose Senate Bill 210, which requires in-person voting with a picture ID, as this measure is obviously intended to suppress voter participation. Oregon's vote-by-mail system is one of the reasons our state has such relatively high voter turnout, and is a model for the nation. SB 201 is clearly a step backwards for democratic participation and should be scrapped.
