-- As testified in person on 3/31/2025 --

Some great stories have been highlighted today. Sons that have moved away and still receive ballots! these cases cannot be ignored; they should and must be embraced.

With that said, I do not believe the case has been made for reducing voter engagement in Oregon. Rather, the case is being made in front of you to improve the system.

To add to my in-person testimony: fix it, don't throw it away.
