Re: Oregon Legislature (SB 210) Statement of Opposition

I am writing to express my opposition to this bill. Th current government is slowly chipping away at our rights with particular focus on alienating the poor and disadvantaged. This bill is yet another example of their intent to make it difficult if not outright impossible for minority groups to vote, such as seniors, ill, disabled, hourly working adults with no time off, working parents with no childcare, etc. Oregon has not had serious issues with voter fraud. Let all the people's voices be heard.

Thank you.
