

Submitter: Mary Kamm

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a senior citizen and caretaker for my mother and brother, voting by mail allows me to perform my civic duty without having to leave my home. It would be virtually impossible for me to leave my home and stand in line waiting to vote. I do not have any support to assist me in my care giving duties, so my right to vote would be virtually eliminated if voting by mail was not an option.
