

To whom it may concern:

I vehemently oppose the bill advocating for in person voting. Oregon's current system has been tried and proven safe, fair, and essentially fraud free. I have voted by mail in every election that I have resided in Oregon since I turned 18. I am a parent and a public school teacher, taking a day off work to wait at the polls is an obstacle to voting rather than a help. Please do not fix something that isn't broken.

Regards,

Lisa Piscitello
