I oppose this bill as I feel like this is actually an attack on Democracy. One of the huge benefits of vote by mail is any registered voter is able to actually vote. If they change the voting rules it's not a true democracy but actually limits who can vote:

- \* The elderly who cannot handle standing in long lines no longer have a voice
- \* The working class that are trying to make ends meet no longer have a voice
- \* The disabled who cannot get to the voting offices no longer have a voice.

My fear is this bill is more meant to get rid of democracy than to save it.
