Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I vote against this bill on the grounds that it will be a means by which voting suppression can be implemented. Mail in voting is a cheaper and safe alternative. Oregonians do not always have time to turn in a ballot and by forcing them to go in person is a barrier to their right to vote. I sincerely hope that this bill is reconsidered as Oregon does not need this piece of legislation.
